A Word from the President

Dear Friends and Well-wishers

I have the honour and pleasure to present the Annual Report of 2018. The year was marked by growth and expansion by the Grace of Allah. The new school and college Principals worked diligently and achieved a high academic standard as well as a student friendly ambience that endeavours to bring out the best in each child. A glance at the Report will give you a fair idea of our diverse activities and high academic standard.

All the schools and colleges are fully populated with bright smiling faces. The recently added Higher Secondary section of the Manga Campus can boast of a good number of admissions this year. The Sir Syed College of Computer Science witnessed the graduation of its first batch of students, who, we are delighted to see, have been able to secure jobs and are now part of the work force. SCOCS was also able to attract a large number of students and for the first time this year we had to turn away quite a few because we had attained the cap placed on the number of admissions by the University of Engineering and Technology.

The generosity of our patrons and philanthropists aided us to expand our services in Manga. These donations made it possible for us to build a new school building for the Primary section, the Begum Nazli Bano Block, and two residential blocks for our teachers, the Ubeidah S. Mallic and Shah Navaz K. Mallic Blocks.

We are also proud to share the great news

that one of our old and committed members Mrs Rukhsana Naveed has been appointed Parliamentary Secretary for Climate Change. One of our old students Ms Ayesha Iqbal has been elected MPA from Lahore.

I would like to thank all our friends, well-wishers and patrons for their interest and generosity towards this noble cause. All this work would not have been possible without the cooperation, encouragement and support of the Executive Committee members and the Trustees. I hope and pray that by the Grace of Allah we shall continue to grow and expand in the coming years.

G.A. Sabri
President TAT

How We Work

The Tehzibul Akhlaq Trust is a voluntary not for profit organisation. We aim to offer high quality education at the lowest fee possible. All our Trust members offer their services voluntarily. No facilities of any kind are offered. A small group of full time employees carries out the day to day work.

In order to be sustainable the educational institutions charge a moderate fee which covers their operating expenditure. Scholarships, concessions are offered generously. For example the concession offered to siblings extends up to four members of a family. Teachers and other staff members also avail of fee concessions for their children. A special committee examines applications and awards scholarships on need basis. A glance at the figures will illustrate the exact financial picture.

The schools are registered with the Board of Intermediate and Secondary Education and children take the secondary and higher secondary examinations of the Lahore Board. The medium of instruction is English. Both Science and Arts subjects are offered.

All capital expenditure i.e. construction cost is met through donations. The sincerity of purpose, dedication and trustworthiness of our pioneers has been able to convince philanthropists to donate generously to our cause and by the Grace of Allah this continues to be the case even today.

The Tehzibul Akhlaq Trust aims to equip the youth with modern knowledge and instil the values of our religion and culture in them. We aspire to raise good Muslims, patriotic citizens and in the case of non-Muslim students, young people with good moral values.

The schools offer co-education till primary level, then boys and girls are assigned to different sections so that they can be allowed to grow in environments conducive to their respective natures. Sports are an integral part of the school day. Academic and co-curricular activities go side by side. National events and religious festivals are celebrated with fervour with emphasis on understanding the spirit of the occasion. Good manners are considered important. Good citizenship, civic awareness, understanding of current issues are an important part of school life. Creativity in writing, science and arts is greatly encouraged.

Since academic excellence is an important part of the school goals, highly qualified faculty is recruited. Students with difficulties are offered remedial classes after school free of cost. We do not want our children to go for tuitions. This year pre-F.Sc. classes were offered to APS students and others as well during the months after the exams so that they can get a head start for the F.Sc. classes where results are crucial for entering into the professional stream of colleges.

Report Compiled by Maria Maud Sabri

Our Management

Having been closely associated with the Tehzibul Akhlaq Trust for several decades, I feel that I am in the position to claim that the pioneers and torch bearers of this organisation were truly fired with the Aligarh spirit. The small group of old students of the Aligarh Muslim University worked with full zeal for the cause of education in the country and philanthropists infected with their enthusiasm joined in with donations of money and time. Their followers, in many cases their offspring, have continued to strive for quality education at affordable rates. Our aim is not just education but education with values, with humanity and with vision.

A glance at our Governance Structure shows that we work in specialized committees. Each Committee consists of people who are interested in that particular area of work and also have some expertise. The Executive Committee members coordinate and guide. The educational institutions are managed by professional staff under the guidance of the Education Board. All the members of the Executive Committee are volunteers.

Finances are managed by the Finance Committee that consists of financial experts. The Schools are independent and self-sufficient. As you will see in the later pages we do not turn away a student for lack of resources. If they satisfy the school admission criteria we accommodate them with the help of scholarships and our own resources. The zakat money goes towards those who fall in this category. All accounts are audited regularly.

Appointments are made after following the proper procedure: posts are advertised and the HR Committee after conducting interviews and tests makes appointments on merit. Employees' children are entitled to study at the school on concessional rates.

I would like to finish with the prayer that this Trust prospers and grows and may Allah SWT bless our endeavours with success.

Wasif Ahmed Siddiqui
Honorary Secretary General TAT

Governance Structure of TAT

The Executive Committee consists of

Mr. G.A. Sabri	President
Mr. Wasif A. Siddiqui	Honorary Secretary General
Mr. Aslam Mughal	Vice President
Mr. T.M. Sheikh	Vice President

ALIGARH PUBLIC SCHOOL & COLLEGE GULBERG

The Principal APS Gulberg, Mrs. Nargis Salam Faruq M.A. English Lit. (Punjab Univ.), M.A. Educational Planning & Management, One year Diploma in Montessori Teacher Training.

As an educationist, her specialized areas are:

- (a) Plan Implementation & Education Management.
- (b) Process of Educational Planning.
- (c) Teacher Education in Pakistan.
- (d) Curriculum planning and Evaluation.
- (e) Curriculum Assessment
- (f) Learning and Teaching
- (g) Educational Psychology

She has participated in many educational conferences, seminars and Teachers Training Workshops at the national level. Mrs. Nargis Faruq carries out regular in service training at the Gulberg Campus.

The Faculty

The Main School Buildings and Grounds

Established in 1965, Aligarh Public School started in a rented building. The present premises were constructed in 1981-82 and various wings were added as the needs grew. It is situated in the heart of Lahore and is easily accessible from a large area of the city. Let us show you glimpses of the facilities:

Defence Day

The ceremony started with a special assembly of all the students and staff. They sang to pay tribute to the War Heroes. Both the Principals addressed the students and spoke to them about the importance of this day, the sacrifices of the martyrs and love for our homeland. Afterwards senior students and the Principals went to Yadgar-e-Shuhada in the Army Museum and laid a floral wreath on the Monument to the Martyrs.

Girl Guiding

Girl Guide activities have been in full swing this year. Our companies participated enthusiastically in the Girl Guide program. The Guide camp was specially a great success.

Guides assembled at the Camp

Sir Syed Day Celebrations

In commemoration of the 201st birth anniversary of Sir Syed Ahmad Khan, Aligarh Public School organized an Inter-School Bilingual Declamation Contest. Dr. Saima Iram (Dean and Professor Urdu Deptt, G.C University) and Ms. Fatima Saif (Anchorperson 7 News Channel) graced the occasion as Chief Guests. Dr. Saman Imtiaz (Professor Eng. Department

Govt. College for Women, Gulberg) was the Guest of Honour. In the contest, about 20 renowned schools participated. Ms. Aniqua Usman, Dr. Ayesha Azeem & Dr. Sadia Noor from LCWU, Ms Aqsa Khan, Head of the Dept. Eng Superior College and Ms. Freeha Shaukat of Govt. College for Women Gulberg were the judges for the day.

Be Prepared

Students are given orientation to dealing with emergencies.

Aligarh Goes Green

In 2017 APS Manga had started the campaign titled Aligarh Goes Green and a tree plantation campaign was carried out. The students too participated enthusiastically and formed the Environment Club. The purpose was to help them understand the importance of planting and looking after trees. Many people planted a tree in memory or for the love of a dear one and the School looks after the saplings.

In spring 2018, the second plantation campaign took place. Mr Asim Bin Aziz donated 250 saplings of guava and orange trees which were planted by the Principal, teachers and the students. The saplings are flourishing well. The students enjoy looking after the plants and it is a healthy activity for the hostelites especially. We have been planting trees in and around Manga every year during the rainy season but now with the formation of the Environment Club it has become an essential part of the school activities. Club members also try to spread this message to the community. In December another donation of trees was made by Mr Shahid Imam. The students are so excited about being part of the school history and being able to enjoy a greener campus.

Hostel life: A home away from home

Aligarh Public School and College, Manga is home to 250 boys of different ages. Having boarders is a great responsibility and the School Management works out a balanced daily routine where studies, sports, leisure time have all a share in the children's day. Religious duties are not neglected and the students are expected to fulfil their obligations. National harmony is a major goal and the boys from different backgrounds, provinces and languages are encouraged to rise above regional prejudices and think of themselves as Pakistanis.

The boys live in five houses under the supervision of a House Master or House Mistress and Assistant House Masters. Meals are taken together in the Ayesha Sabri Dining Hall which has a capacity of 300 diners. Sports take place every evening with the Sports Teacher. Evening studies are supervised by subject teachers. Children who are weak in their academics are given extra attention by the respective teachers. Day scholars are also free to join the sports or remedial classes.

Boarders also get time to watch television in the evening. Every Saturday a film is put on view for those who are interested.

Great attention is given to the character formation of the students. Sports and leisure time activities such as gardening help forge friendships and develop the personality of the young ones. In order to encourage team spirit and peer to peer learning the following trophies are awarded to the House for the overall performance of the boarders:

1. Academic Trophy for the overall best school results
2. Character Building Trophy to the best behaved House and one that excelled in extra-curricular activities
3. Housekeeping Trophy for the house that remained neatest during the year
4. Sports Trophy to the winner of matches and sports competitions
5. Quaid-e-Azam Trophy to the House that excelled in all areas

Sir Syed College of Computer Science (SCOCS)

Group Captain (R) Muhammad Ashraf Mughal the Principal of Sir Syed College of Computer Science, was commissioned in Education Branch of Pakistan

Air Forces. He has a vast experience of teaching and Educational Management of PAF Education System including Fazaia Schools and Colleges. He served in the PAF for 31 years in various capacities. He joined the Sir Syed College of Computer Science in January, 2018.

Dr. Iftikhar Hussain Shah
Dean

M.Sc.(Physics,PU), M.Phil.(Physics, QAU), M.Sc. (CS, Wales), Ph.D. (CS, Wales) Dr. Shah has taught as a lecturer, Assistant Prof., Associate Prof. and Professor in the Education Department, Government of the Punjab for 36+ years. He established the Dept. of Computer Science at G. C. University, Lahore and F.C. College, Lahore He was Dean, Faculty of Computing and Information Sciences at Imperial College of Business Studies Lahore. He received Overseas Research Students Award twice during his PhD studies. He joined SCOCS in 2018.

Sir Syed College of Computer Science

Sir Syed College of Computer Science (SCOCS) is the latest venture of the Tehzibul Akhlaq Trust. It was established in 2014. The College is affiliated with the University of Engineering and Technology, Lahore and offers the four year Honours program. It is managed by a Governing Board with Mr Aslam Mughal as its Chairman. The first batch of 13 students graduated in 2018. Most of them have able to secure good jobs. The College is housed in the Gulberg Campus at present. The size permits

the faculty members to give full attention to every student.

This year the College succeeded in admitting 40 students which is the maximum allowed by the University of Engineering and Technology. SCOCS has applied to the University for increasing the quota of students. At present 73 students are studying in the degree program.

Scholarships are given generously; more than 75% students are receiving full or partial scholarships.

Feedback from a graduate

"I am Hafiz Haseem Hussain; graduate of SCOCS first batch. Actually it was so difficult to mentally prepare for trusting an affiliated college. But Allah had written something better for me. Today I can proudly say that I am a graduate of SCOCS. SCOCS has been such an amazing institute in these last 4 years. We have been given best of the best teachers with practical experiences and a fully

focused environment. SCOCS management also strived for our well-being and they all kept on working on our personal grooming and skills building. Due to their effort, today I am a successful person. I am currently working in Lahore Lyceum Software house on a very good post. Moreover, I am also looking for building up my own software house with the help of some colleagues. My best wishes are with all the current students. They will also prosper in life In Shaa Allah."

Our Grand Dream: New Aligarh University

By the Grace of Allah Almighty the New Aligarh University Project is gathering impetus. The Board of Advisors is meeting regularly. The inclusion of Dr M. Akram Sheikh, Dr S. Junaid Zaidi and Dr Khalid Hamid Sheikh to our Board of Advisors has provided us with ideas and advice that has given a direction to our quest. The campaign “A Brick for Higher Education” has attracted a very good response and fund raising is in full swing. We hope to be able to begin the construction of the first academic block soon. The architectural plans, given below, are ready for submission to the authorities for approval.

We are launching the Sir Syed College of Management Sciences in the current academic year as soon as the University of Punjab grants affiliation.

We invite you to share in this endeavour and get your name inscribed over the building/room. The proposed cost sharing is as under:

Lecture Theatres	Rs. 10 Million each
Reading Rooms	Rs. 05 Million each
Laboratories	Rs. 2.5 Million each
Conference Rooms	Rs. 02 Million each
Teaching Rooms	Rs. 1.5 Million each
Tiles (1x1 ft) engraved with the donor's name	Rs. 0.5 Million each

All Contributions are Welcome!

Join our campaign “Donate a Brick for Education”. By contributing Rs. 5000 you can share in the construction. Brick by Brick together we will build a glorious edifice.

Hoping for a Generous Response!

We thank our Generous Donors (Rs.)
